In a dystopian future, the Republic of San Magnolia is locked in a brutal war against the neighboring Legion, an army of autonomous drones guided by a mysterious artificial intelligence. Despite overwhelming odds, the Republic has managed to hold its ground, thanks to a group of young soldiers known as the Eighty-Six.

The Eighty-Six are not ordinary soldiers. They are the children of the Republic's former citizens, who were stripped of their rights and forced into servitude after their homeland was conquered by the Legion. Despite their harsh treatment, the Eighty-Six are fiercely loyal to the Republic, and they are determined to fight for their freedom.

86 -Eighty Six- Vol. 1 follows the story of Lena Milizé, a young Republic officer who is assigned to command a squad of Eighty-Six soldiers. Lena is a skilled strategist, but she has little experience in the field. She must quickly learn to trust her soldiers and work with them to defeat the Legion.

The Eighty-Six are a diverse group of characters, each with their own unique strengths and weaknesses. There's Shinei Nouzen, the squad leader who is haunted by his past; Theo Kurata, the sharpshooter who is determined to avenge his fallen comrades; and Annette Boule, the medic who is always there to patch up her fellow soldiers.

As Lena and the Eighty-Six fight their way through the war, they learn the true meaning of courage and sacrifice. They also discover that the Legion is not as invincible as they seem, and that there is still hope for the Republic.
