Sterling Test Prep's MCAT General Chemistry course is designed to help you master the General Chemistry concepts that are tested on the MCAT. The course covers all of the major topics in General Chemistry, including:

- Atomic structure
- Chemical bonding
- Chemical reactions
- Thermochemistry
- Kinetics

- Equilibrium
- Acids and bases
- Electrochemistry

The course is taught by experienced MCAT instructors who know what it takes to succeed on the exam. The instructors are passionate about helping students learn, and they are always available to answer questions and provide support.

The Sterling Test Prep MCAT General Chemistry course is offered in two formats: online and in-person. The online course is self-paced, so you can learn at your own speed. The in-person course is taught in a live classroom setting, so you can interact with your instructor and classmates.

No matter which format you choose, Sterling Test Prep's MCAT General Chemistry course can help you improve your score. The course is comprehensive, engaging, and effective. If you're serious about getting a high score on the MCAT, Sterling Test Prep can help you achieve your goals.

### **Features of the Sterling Test Prep MCAT General Chemistry Course**

The Sterling Test Prep MCAT General Chemistry course offers a number of features that make it a valuable resource for students preparing for the MCAT. These features include:

- **Expert instructors:** The course is taught by experienced MCAT instructors who know what it takes to succeed on the exam.

- **Comprehensive curriculum:** The course covers all of the major topics in General Chemistry that are tested on the MCAT.
- **Engaging lessons:** The lessons are well-organized and easy to follow. They are also packed with helpful tips and strategies.
- **Practice questions:** The course includes a large number of practice questions that help you test your understanding of the material.
- **Full-length practice tests:** The course also includes several full-length practice tests that help you simulate the experience of taking the real MCAT.

These features make the Sterling Test Prep MCAT General Chemistry course a valuable resource for students preparing for the MCAT. The course can help you improve your score and achieve your goals.

## **Curriculum of the Sterling Test Prep MCAT General Chemistry Course**

The Sterling Test Prep MCAT General Chemistry course covers all of the major topics in General Chemistry that are tested on the MCAT. The course is divided into 12 modules, each of which covers a different topic. The modules are:

1. **Atomic Structure**
2. **Chemical Bonding**
3. **Chemical Reactions**
4. **Thermochemistry**
5. **Kinetics**
6. **Equilibrium**

7. **Acids and Bases**
8. **Electrochemistry**
9. **Organic Chemistry I**
10. **Organic Chemistry II**
11. **Biochemistry**
12. **Practice Tests**

Each module includes a number of lessons, practice questions, and a practice test. The lessons are well-organized and easy to follow. They are also packed with helpful tips and strategies. The practice questions help you test your understanding of the material. The practice tests help you simulate the experience of taking the real MCAT.

The Sterling Test Prep MCAT General Chemistry course is a comprehensive resource that can help you improve your score and achieve your goals.

### **Effectiveness of the Sterling Test Prep MCAT General Chemistry Course**

The Sterling Test Prep MCAT General Chemistry course is an effective resource for students preparing for the MCAT. The course has helped many students improve their scores and achieve their goals. Here are a few testimonials from students who have taken the course:

***“I took the Sterling Test Prep MCAT General Chemistry course and I improved my score by 10 points. The course was***

***comprehensive and the instructors were very helpful.***

***- John Smith, MCAT student”***

***“I highly recommend the Sterling Test Prep MCAT General Chemistry course. The course was well-organized and the lessons were easy to follow. I also found the practice questions and practice tests to be very helpful.***

***- Jane Doe, MCAT student”***

***“The Sterling Test Prep MCAT General Chemistry course is a great resource for students preparing for the MCAT. The course covers all of the major topics in General Chemistry that are tested on the MCAT. I would definitely recommend this course to anyone who is preparing for the MCAT.***

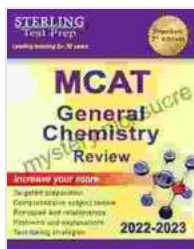

***- David Jones, MCAT student”***

These testimonials demonstrate the effectiveness of the Sterling Test Prep MCAT General Chemistry course. The course can help you improve your score and achieve your goals.

If you're planning to take the MCAT, Sterling Test Prep's MCAT General Chemistry course can help you get the score you need. The course is

comprehensive, engaging, and effective. No matter which format you choose, Sterling Test Prep can help you achieve your goals.
